The socialists and various trades-unions formed according o the programme and marched to Silve Leaf grove, where they will devote three days to the festivities. They marched with-out arms, and no disturbance was made at any point along the line.

A Valuable Church Destroyed. TRENTON, N. J., July 4 .- A fire occurre at nine o'clock this morning in the Third Presbyterian church, in Warren street, which was completely destroyed, with the steple, one hundred and eighty feet high, an organ and all other fixtures. Four firemen were in the church when the roof fell, and several were severely injured. The loss is about forty-five thousand dollars. It is believed to be fully insured. It is supposed to have caught by a skyrocket falling on the shingle roof. The rain fell in torrents; but for that there would have been a terrible fire, as the church was surrounded by frame buildings.

Terrible Accident at Morris Island TRENTON, N. J., July 4.-Morris Island an excursion resort one mile below Trenton was the scene of a terrible accident this afternoon. As the excursion boat approached the wharf hundreds of people rushed toward it to get aboard. When it landed the wharf and Chickasaw Guards of Memphis. It is gave way, and about seventy-five persons were thrown into the river, several of whom were taken out injured. Mrs. Andrew Johnson, her son five years old, and a little girl named Millie, were drowned. Their bodies have been recovered. It is feared that there are others who have not been reovered.

Fortress Monroe. Fortness Monroe.

Fortness Monroe, July 4.—The President and Mrs. Hayes, Webb C. and Rutherford Hayes, accompanied by Hon. John Sherman, Secretary M'Crary, Attorney General Devens and Secretary Thompson, with a party of ladies and gentlemen, arrived this morning and were met by General Getty and staff, and the command proceeded to General Getty's headquarters, where the officers were preneadquarters, where the officers were presented, after which they repaired to the ramparts, witnessed a target practice with fifteen-inch guns and at one o'clock the party re-embarked on the Tallaposa and sailed for the Capes, returning at eight in the evening to witness the fireworks. The chief feature of the day, so far, is a grand parade of the Eightday will be spent in festivities of various kinds. Perfect order prevailed, and every-

body seemed intent on a day of fun and miniature representation of a battle. There was also a cavalry tournament, and a review of the troops by Governor Phelps and staff.

The only accident worthy of mention so far reported was a collision on the narrow-gauge railroad running from the city to the village of Florisant, sixteen miles from the city, be tween two passenger trains, one of which had about three hundred excursionists on board, and the other nearly empty. Thomas Mead, engineer, and one trainer badly hurt about the head and shoulders; George Bailey, painter, severely injured internally; Cornelius Clen-deny and wife, of Calhoun county, Illinois, pretty well shaken up, and two or three others slightly bruised. Both engines and one passenger coach were damaged to the amount of about three thousand dollars. To-night the city has been ablaze with bonfires and pyrotechnic displays, and everybody had a grand time.

Dreadful and Fatal Accident. WORLESTER, MASS., July 4.—At I ake Quigsimond this afternoon, the steamer Isaac Davis, loaded with passengers, careened, the hurricane deck broke off, and scores of the passengers were thrown overboard. There were about two hundred passengers on board of the boat, and one hundred on the hurricane deck, with no opportunity to get off, the others rushing on the hurricane deck. As they did so the Davis careened over away from the wharf and caused the crowd to rush to that side and threw the struggling mass into the water. As the boat gave way the roof of the upper deck came crashing down on the engine and broke off the safety-valve, causing the steam to rush out and adding new terror to the scene. The boat rolled over, and catching the gunwale on a spile became fast, the great weight causing the supports of the hurricane deck to give way, brought the whole structure down to the water-line, and crashed down into the water, at this point ten feet deep. Many swam to the shore or to the wharf, twenty feet distant. Others held to the wrecked hull, some to the floating roof. Prominent citizens, Mr. Pratt and wife, and many physicians, were at hand to render assistance. The bodies were soon recovered. Killed—John Cahill, Business was generally suspended. In Iowa, Minnesota and Dakota Territory-Thrilling Accounts from Lecalities in Minnesota - The Storm Assumed the Character of a Cyclone and Swept Everything Before It.

Three Inmates of an Orphan Asylum Killed and Seventeen Injured-Houses Demolished and Trees Torn from their Roots-Barns Blown Away-Crops Damaged Considerably.

SIOUX CITY, July 4 .- A tornado struck the southwestern part of Eikhorn, Dakota Territory, about half-past five o'clock last evening, blowing down three dwellings that are total wrecks. Many barns and stables were overturned and commeys blown down. Sheaf's storehouse adjoining his store was blown over on to the side-track. The windmill attached to the Southern railroad watertank was blown down and badly wrecked. The only person injured so far as known was Mrs. Wood, whose head and limbs were badly braised by the turning over of her house. Mrs. Norton was sitting in her house, and when the cyclone struck it, the floor opened under her and she fell into the cellar, the house being carried away several rods. She was not hurt. A great number of trees, some two feet in diameter, were blown down some two feet in diameter, were blown down and a number of buildings moved from their foundations. The cloud came up from the southwest and went southeast, but its course was circular. Reports from the surrounding country show that great damage has been done to houses barns, fences and crops. The storm was seen to gather and approach the town from the southeast, and it is thought by many that it had not reached its maximum strength when it struck here. In the night there was another severe storm,

but it has done no serious damage as far as heard from. A special to the Journal from Lemars, Plymouth county, Iowa, says: "A terrible storm passed over the northern part of this county last evening, between six and seven o'clock, destroying houses, barns, etc. Ten miles northeast of here two young men named Kass were killed. They saw the Montgomery, Alabama.

The barn of Bradley Carpenter was wrecked and the windows and doors blown out of his residence; he was cut about the head. The residence and barn of William T. Jones was demolished, and he was seriously cut and bruised. The schoolhouse was blown into the lake. The storm crossed the river from Red Wing to Piera county, Wis-consin. At Warrenton, in that county the residence of William Rush was carried away, and with it the family, including Mr. Rush, wife and daughter, a young lady about twenty years of age, all being drowned; another young lady, daughter of Mr. John Davis, of Rush river, was drowned while attempting to get out of the house, which was flooded with water to the depth of several feet."

LATER. ST. PAUL, July 4.—Further details of the damage by the rain, lightning and cyclone have been received during the day. The tornado that did so much damage in Goodhue county seems to have come across the State from a direction of a little west of south. Before reaching Goodhue county, it struck
Havana, Steele county, and Lake Emily, Nicolett county. In Havana several farmers'
barns were blown down or struck by lightning, yet no loss of lite has been reported.

The Glerious Fourth at the State Cap ital-A Gala Day-The Teachers' Institutes for the Ninth District and for West Ten-

pecial to the Appeal.] NASHVILLE, July 4 —The Fourth was celebrated here with picnics. Everybody went to the woods, and the city was deserted. The two most prominent picnics were those given at Brown's grove by the Ancient Order of United Workmen, and the Odd Fellows' steamboat excursion and picnic up the river. At the former the exercises consisted of speeches, music, readings and recitations. At the latter all sorts of games were the or-der. Thousands of people attended both. TEACHERS' INSTITUTE.

State Superintendent Trousdale has just i sued a circular announcing the institutes for the ninth congressional district and the West Tennessee division institutes; the former to be held at Milan on the ninth and tenth and the latter on the eleventh and twelfth instant. He has assued the following circular:

The teachers of the ninth congressional district, and county and city superintendents of public schools are respectfully invited to attend the institute. Also, the teachers and superintendents of West Tennessee are also requested to be present at the institute for the western division, which is regularly organized and permanently established. Citizens friendly to education, both public and private, are cordially welcomed at these meetings, which are not confined to teachers of public schools; but those of all grades and descriptions unite in making these conventions pleasant, useful and infinitential for good. School officers are especially requested to be present and participate in the exercises. County superintendents are requested to distribute these circulars among teachers. Respectfully,

MALARIA

An Antidote which will cure every variety of Ague, Fever and Ague, and Chills and Fever, and leave no bad trace or disorder in the system, has been discovered by one of America's greatest Chemists. This preparation or principle is known by the name of CLIFFORD'S FEBRIFUGE. Being entirely free from minerals or other deleterious materials, it accomplishes its work without being in the least harmful to the system. This popular remedy differs from all other Aque Cures, in being free from all poisonous effects on the system; it enters into the circulation and destroys all malarious poison, and thus eradicates the disease without producing any of those distressing after-sensations, such as fullness

and pain in the head, ringing in the ears and partial deafness. It is a question of importance to all afflicted creature, whether they will be cured of disease by remedies'which leave a long train of bad aftereffects, or by a medicine that strikes at the cause of the malady and eradicates it, without doing any more harm than that much water. No other preparation known exercises an eradicating power over intermittent diseases at all comparable with it. It enters the circulation and utterly destroys the germs of poison; it will purify and build up the debilitated system in a shorter time, and with more lasting benefit, than any other known remedy. As a Tonic, it acts as an Antiseptic and Blood Purifier, bringing renewed energy and vitality to the body worn down by disease. It is Nature's own remedy for all diseases arising from malarial poison. Palatable, Powerful, Antiperiodic and Tonic, it never falls to cure Fever and Ague, Dumb Chills, Con-

gestive Chills, Bilious Fever, Periodical Neuralgia, and all diseases of malarial origin. The only article known that will eradicate this disease permanently from the system. J. C. RICHARDSON, Sole Proprietor. General Agents, RICHARDSON
